# The new Polo

# IRRESISTIBLY POLO.

Model shown is new Polo Comfortline+ in 'Cornflower Blue' non-metallic paint.

# INDIVIDUAL, IMPRESSIVE, INCOMPARABLE.

Sporty, stylish and fun, that's the new Polo. The restyled exterior is unmistakably Volkswagen, with redesigned front and rear bumpers and chrome detailing on the radiator grille. Special touches include body-coloured door mirrors, new rear tail light design and a choice of eye-catching alloy wheels, ensuring it's as individual, impressive and inimitable as ever.

**01** 14 inch steel wheels with 175/70 R14 tyres and attractive wheel covers.

Standard on Trendline models.

**02** 15 inch **'Buenos Aires'** alloy wheels with 185/60 R15 tyres and anti-theft wheel bolts. Standard on BlueMotion models.

**03** 15 inch **'Estrada'** alloy wheels with 185/60 R15 tyres and anti-theft wheel bolts. Standard on Comfortline models and optional on Trendline models.

**04** 16 inch **'Portago'** alloy wheels in anthracite finish with 215/45 R16 tyres and anti-theft wheel bolts. Standard on Comfortline+ models.

**05** 17 inch **'Canyon'** alloy wheels in anthracite finish with 215/40 R17 tyres and anti-theft wheel bolts. Standard on Cross Polo models.

**06** 17 inch **'Montani'** alloy wheels with 215/40 R17 tyres and anti-theft wheel bolts. Standard on BlueGT models.

**07** 16 inch **'Rivazza'** alloy wheels with 215/45 R16 tyres and anti-theft wheel bolts. Optional on Comfortline models.

A detailed view of the front interior of a Volkswagen Polo Comfortline. The image shows the black leather-upholstered front seats with white stitching, the three-spoke steering wheel with the VW logo, the instrument cluster with analog gauges, and the center console with a gear shifter and handbrake. The dashboard and door panels are also visible, featuring a mix of plastic and leather-like materials. The car is parked on a city street, with buildings and a clear sky visible through the windows.

INVITINGLY COMFORTABLE.  
IMPRESSIVELY EQUIPPED.

Interior shown is new Polo Comfortline in 'Cornflower Blue' non-metallic paint with optional front centre armrest, alcantara upholstery, Ride comfort pack, Lights and Vision pack and 'Discover Media' navigation system.

The new Polo comes in a choice of six different trim levels including Trendline, BlueMotion, Comfortline, the sporty Comfortline+, Cross and the powerful BlueGT.

# TRENDLINE.

**01** 14 inch **steel wheels** with 175/70 R14 tyres and **full size wheel trims** feature a robust double spoke design, adding a sporty touch.

**02** The **body-coloured door mirrors with integrated indicators** enhance the clean lines of the Polo Trendline.

The entry level new Polo Trendline is packed with equipment and provides a truly impressive package. For a start, body-coloured bumpers and side sills, halogen headlights and heat insulating green tinted glass provide an impressive exterior. Inside, ‘Grip’ upholstery and ‘High Gloss Black’ instrument inserts give an exclusive look, whilst equipment includes electric front windows, central locking and electromechanical speed-sensitive power-assisted steering. White instrument illumination, a new three-spoke flat bottom steering wheel and vanity mirrors complement the interior aesthetics, while the driver’s seat with manual height adjustment and a new ‘Composition Colour’ radio system which includes a 5" colour touch-screen, AM/FM radio, CD drive, an SD card slot and six speakers, all enhance your driving enjoyment.

Other features include ‘Front Assist’ with City emergency brake function which make the new Polo even safer by helping to reduce the vehicle’s stopping distance and alerts the driver by means of acoustic and visual signals via the multifunction display ‘Plus’. Finally, a tyre pressure loss indicator alerts the driver via a warning of any change in tyre pressure, providing additional peace of mind on every journey.

Interior shown is new Polo Trendline in ‘Cornflower Blue’ non-metallic paint.

# BLUEMOTION.

Model shown is new Polo BlueMotion with optional 'Clearwater Blue' metallic paint.

**01 Front fog lights** with static turning light, integrated into the front bumper are both attractive and stylish. They also provide better visibility in poor weather conditions.

**02** 15 inch '**Buenos Aires**' alloy wheels with 185/60 R15 tyres are eye-catching and stylish.

**03** Unique only to the BlueMotion model is the optional '**Clearwater Blue**' metallic paint and unique '**BlueMotion**' badging which adorns the front and back of this very special Polo model.

The new Polo BlueMotion is a car that offers the highest levels of economy, exemplary environmental credentials and an aerodynamic body which is styled to turn heads. It has intelligently refined technology and uses body-coloured front and rear spoilers to enhance the BlueMotion's dynamic lines and help reduce the vehicle's air resistance, and in turn reduce fuel consumption.

However, despite all the refinements to make the BlueMotion such an economical car, there really hasn't been any compromise on standard equipment. The BlueMotion builds over the already well equipped Polo Trendline, yet is enhanced further with the unique 'Link' cloth upholstery. There is also an array of impressive functionality to ensure your total comfort, such as front centre armrest, three-spoke leather trimmed steering wheel, cruise control system and a new 'Composition Colour' radio system which includes a 5" colour touch-screen, AM/FM radio, CD drive, an SD card slot and six speakers. Externally the BlueMotion is distinguished by 15 inch 'Buenos Aires' alloy wheels with 185/60 R15 tyres, front fog lights, uniquely shaped bumpers, side skirts and spoiler and a unique front grille immediately distinguishable as a BlueMotion.

# COMFORTLINE.

Interior shown is new Polo Comfortline in 'Cornflower Blue' non-metallic paint with optional 'Discover Media' navigation system and front centre armrest.

The new Polo Comfortline offers an even greater range of impressive features, starting with eye-catching 15 inch 'Estrada' alloy wheels, a stylish chrome trimmed louvre on the front grille, body-coloured door handles and door mirrors. Inside, front comfort seats with contemporary 'Rail' cloth upholstery, 'Matt chrome' detailing, a leather-trimmed three-spoke multifunction steering wheel and gear knob with handbrake grip add elegance and refinement. The new Polo Comfortline is further enhanced by Bluetooth telephone connectivity\*, 'Climatic' manual air conditioning, electric windows front and rear and electrically heated and adjustable door mirrors.

\* Please note that due to the nature of mobile phone technology, not all phones will be compatible with Volkswagen systems. Please check with your Volkswagen dealer for details on compatibility.

# COMFORTLINE+.

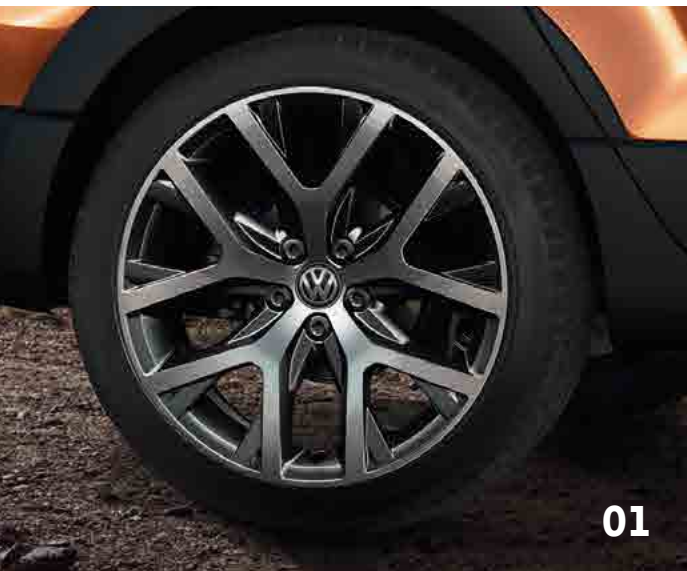

Interior shown is new Polo Comfortline+ with optional front centre armrest.

If you want a car that goes one step further, then the new Polo Comfortline+ is the one for you. As you'd expect, the sporty exterior is characterised by stylish 16 inch 'Portago' alloy wheels in anthracite finish, rear tinted windows from the B pillar backwards, front fog lights with static turning light, 'Gloss Black' door mirror housings and 'dark red' rear tail lights. Inside, the impressive range of features include front sports seats in stylish 'Pyramid' cloth, aluminium-look pedals, a leather trimmed steering wheel with aluminium insert, scuff plates and lighting in the front footwell which complete the look.

# CROSS.

**01** 17 inch 'Canyon' alloy wheels in anthracite finish with diamond-turned surface and 215/40 R17 tyres make each, and every one of your trips, even more stylish.

**02** Front fog lights integrated into the uniquely shaped front bumper in 'Cross' sports design are both attractive and stylish. Combine this with a chrome trimmed radiator grille louvre insert and black honeycomb front air intake and you have a car that will stand out from the crowd.

**03** Front sports seats in 'Link' cloth are both comfortable and durable.

The new Cross Polo brings a rugged and sporty character to the model. Its rugged exterior looks are enhanced by a number of sports features such as the black bumpers in 'Cross' sports design, prominent black wheel arch extensions, black honeycomb grille and a chassis with ground clearance increased by approximately 15mm to allow some degree of dirt road ability. Add to that, 17 inch 'Canyon' alloy wheels, silver anodised roof rails and silver painted door mirror housings which combine to give the new Cross Polo a truly individual look. Inside the new Cross Polo is characterised by features such as the unique 'Link' cloth upholstery, aluminium-look pedals, a three-spoke leather trimmed steering wheel, handbrake lever and gear knob. Height adjustable driver and front passenger sports seats and a front centre armrest also ensure comfort on long journeys. Finally, cruise control and Park Distance Control (PDC) with front and rear parking sensors add increased comfort and convenience to this stunning new Cross Polo.

Model shown is new Cross Polo with optional 'Honey Orange' metallic paint.

# BLUEGT.

Model shown is new Polo BlueGT with optional 'Blue Silk' metallic paint.

**01** The interior of the new Polo BlueGT is upholstered in blue and grey 'BlueSpeed' cloth and seat centre sections with contrasting blue alcantara side bolsters, giving the interior its unique character. Interior shown is new Polo BlueGT with optional front centre armrest.

**02** 'Montani' 7J x 17 alloy wheels in silver sterling finish with 215/40 R17 tyres are a real design feature of the BlueGT, leaving a lasting impression.

The new Polo BlueGT delivers a powerful combination of sports styling and performance along with impressive economy. Externally, 17 inch 'Montani' alloy wheels, twin exhaust pipes and sports suspension lowered by approximately 15mm hint at the experience in store, while the 'dark red' rear tail lights and 'Gloss Black' door mirror housings add individual style. Uniquely shaped front and rear bumpers, radiator grille and side skirts, enhance the car's aerodynamics, and the unique 'GT' badge symbolises its sporting and environmental credentials. Inside, 'BlueSpeed' cloth upholstery with alcantara side bolsters, 'Matt chrome' light switch surround and black headliner, sun visors and pillar trim in black add a contemporary touch, while front sports seats with height adjustment, rear electric windows on 5-door models and illuminated vanity mirrors ensure total driving comfort and enjoyment. The Fatigue detection driver alert system warns you if you start to feel tired, increasing vehicle safety, and the multifunction display 'Plus' includes ACT Active Cylinder Management for improved fuel consumption. Finally, a split folding rear seat backrest and luggage compartment with variable load floor adds functionality and practicality to the BlueGT's outstanding specification.

Interior shown is new Polo BlueGT with DSG transmission and optional 'Discover Media' navigation system.

# INTELLIGENT INNOVATIONS TO HELP KEEP YOU SAFE.

The new Polo is incredibly intelligent, thanks to the wide range of innovative driver assistance systems designed to improve safety, practicality, comfort and efficiency like never before.

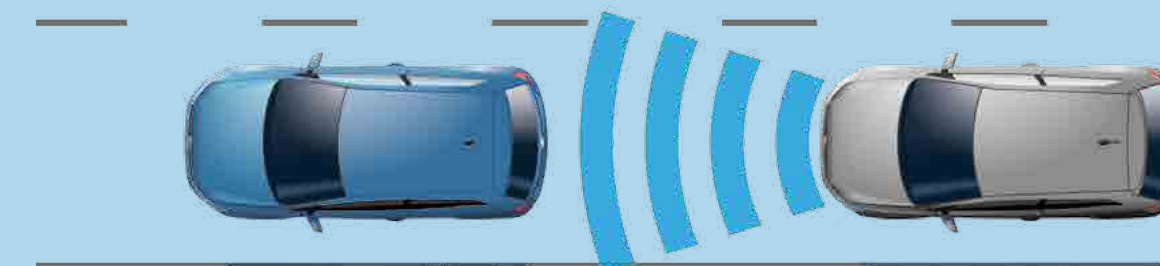

01

The **Driving comfort package** includes cruise control with front and rear parking sensors. Cruise control can be set at speeds of over 30km/h to maintain a constant speed on long journeys. Park Distance Control includes front and rear parking sensors that assist in parking manoeuvres by emitting both audible and visual signals, alerting the driver to any obstacles in the way: the closer you are to an obstacle the faster the sound frequency. In addition, an optical parking display extends the functions of the parking sensors by indicating your position on the vehicle's audio display. Standard on Cross and optional on Comfortline, Comfortline+ and BlueGT models.

**01** The optional **rear-view camera** provides additional support when parking. The image on the rear-view camera is displayed on the radio/navigation system and is automatically activated when you put the car in reverse. The superimposed lines help you to manoeuvre precisely into the parking space. Optional on Comfortline models and above.

**02** The **'Front Assist' ambient** traffic monitoring system uses a radar sensor to detect situations where the distance to the vehicle in front is critical and helps to reduce the vehicle's stopping distance. In dangerous situations the system alerts the driver by means of visual and acoustic signals and with a warning jolt of the brakes. 'Front Assist' with City emergency braking function can also automatically brake the vehicle to a full stop, thus reducing the impact speed or avoiding the collision completely. Standard on all models (excludes Cross Polo models). 'Front Assist' operates independently of the Adaptive Cruise Control ACC.

02

The **Adaptive Cruise Control ACC** (not shown) is a radar controlled distance monitoring and cruise control system that provides intelligent control of your driving speed by automatically adjusting acceleration and braking. Whether around town or on the motorway, the system will adjust your speed to that of the vehicle in front, keep your specified distance, warn if you are approaching too fast and, in an emergency situation, generate enough braking force to reduce the severity of a collision or even prevent the collision entirely. Optional on Comfortline, Comfortline+ and BlueGT models.

# INGENIOUSLY INTUITIVE.

01

02

The new Polo interior has been ergonomically designed so that everything is intuitively to hand, exactly where you would expect it to be. Allied with Volkswagen's legendary build quality and the finest materials, it assures you of total driving enjoyment on every trip.

**01** The **multifunction leather trimmed steering wheel** allows control for such functions as cruise control, radio, phone and the multifunction display without taking your hands off the steering wheel. Standard on Comfortline, Comfortline+, Cross and BlueGT models.

**02** The **Fatigue detection driver alert system** works by monitoring driver behaviour closely, noting any erratic steering wheel movements and lane deviations. If the system detects an erratic or unusual driving pattern, it will alert you with a visual display on the dashboard and an audible warning sound. If you haven't taken a break within 15 minutes, it will repeat the warnings. Standard on BlueGT models.

# INSTANTLY LINKED-UP.

The new Polo offers more connectivity than ever before, with all new infotainment systems fitted as standard. For example, Bluetooth connectivity is standard on Comfortline models and above which will allow you to connect two mobile phones at the same time while the optional connectivity package on Trendline and BlueMotion models will also provide Bluetooth connectivity. These new infotainment packages feature technology such as AM/FM radio, CD player, an SD card slot, six speakers and AUX-IN/MEDIA-IN functionality to allow for connection of external audio sources.

**01** The **'Composition Colour' system** with 5" touch-screen includes a CD Player, 6 speakers, AUX-in, SD card reader and diversity antenna for AM/FM.

**02** The **'Composition Media' system** with 6.5" colour display, touch-screen with proximity sensor, MP3 and CD player.

**03** The **'Discover Media' system** features all the functionality of Composition Media with the added Navigation feature to ensure ultimate comfort on long journeys.

For more information on the new infotainment packages please contact your local Volkswagen dealer.

# TECHNOLOGY.

### Engines

- Front transverse-installed engine
- 1.0 litre/60 bhp (44 kW) petrol engine: Available in five speed manual
- 1.0 litre/75 bhp (55 kW) petrol engine: Available in five speed manual
- 1.2 litre/90 bhp (66 kW) petrol engine: Available in five speed manual and a seven speed automatic DSG transmission
- 1.4 litre/150 bhp (110 kW) petrol engine: EU6 emissions standard four cylinder in-line MPI (Multi Point Injection) engine, with four valves per cylinder. Includes ACT (Active Cylinder Technology) which shuts off 2 cylinders under certain driving conditions to reduce fuel consumption and emissions. Available with six speed manual and a seven speed automatic DSG transmission
- 1.4 litre/75 bhp (55 kW) common rail diesel engine: EU6 emissions standard, three cylinder in-line turbocharged common rail diesel engine, four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a five speed manual transmission
- 1.4 litre/90 bhp (66 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line turbocharged engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a five speed manual transmission and a seven speed automatic DSG transmission

### Transmission

- Front wheel drive through asbestos-free single-plate dry clutch. Hydraulic clutch-mechanism. Five or six speed manual transmissions with double joint half axles. Seven speed automatic DSG gearbox with a dry multi-plate clutch and double joint half axles

### Steering

- Electro-mechanical steering rack
- Collapsible, height and lengthways adjustable safety steering column

### Running gear

- Electronic Stability Control (ESC) including Electronic Differential Lock (EDL), Traction Control (ASR) and Countersteer Support
- Front suspension through coil springs with telescopic shock absorbers, all elements integrated in chassis legs
- Rear suspension with gas pressure shock absorbers and separate springs
- Wheel control: front through chassis legs and (lower) triangular wishbones (directionally stabilising steering roll radius)
- Wheel control: rear through four-link suspension with independent wheel suspension
- Front and rear anti-roll bar

### Brakes

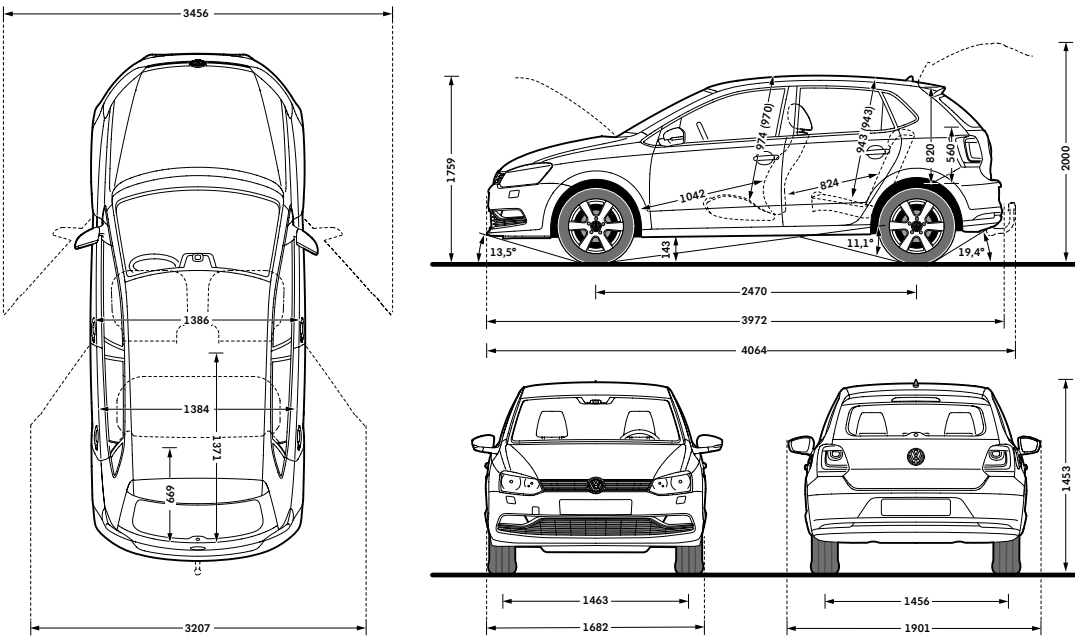

- Electronically controlled Anti-lock Braking System (ABS) with Electronic Brake-pressure Distribution (EBD)
- Diagonal twin-circuit brake system with front and rear disc brakes (front ventilated)
- Asbestos-free brake pads
- Hydraulic Brake Assist (HBA)

### Technical specification notes

- 01) Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48. Unladen weight shown refers to 3-door models. The unladen weight of 5-door models will increase by 25kg.
- 02) With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 03) The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
- 04) Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures, which may differ from those calculated with this standard.
- 05) The weight of a vehicle will influence the level of CO<sub>2</sub> emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO<sub>2</sub>.

# VOLKSWAGEN SERVICE.

## The Volkswagen Warranty

### Three-year Warranty

All Volkswagen Polo models come with a three-year/90,000km warranty which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/90,000km (whichever is soonest) warranty\*. Full details of the three-year warranty are available from your authorised Volkswagen dealer.

\* All warranty work must be completed by an authorised Volkswagen dealer or repairer.

### Three-year Paintwork Warranty

The paintwork of the Polo is covered against manufacturing defects for a period of three years. Naturally, the Polo must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your Volkswagen dealer for full warranty details.

### 12-year Body Protection Warranty

The internal body sections and panels of the Polo are covered against rusting through from the inside for 12 years. Naturally, the Polo must be cared for in compliance with the operating instructions. Please consult your Volkswagen dealer for full warranty details.

### Service Intervals for Engines

Full details of what checks and work are recommended at each service are contained in the Service Book and your dealer will be able to advise you of any particular requirements.

### Approved Accessories

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list.

### Volkswagen Finance

Volkswagen Finance offers a dedicated service to meet the needs of both the business user and the private motorist. We can help you choose the right type of finance and will tailor the package to meet your specific requirements. Please consult your Volkswagen dealer for details.

## Volkswagen Assistance

Every new car is registered for Volkswagen Assistance for three years. This provides vehicle recovery in the unlikely event of a breakdown (subject to conditions).

## Volkswagen Rental

For details, please contact your dealer.

## CO<sub>2</sub> Emission

Increased weight of a vehicle, including higher trim levels and the addition of options will have an affect on the influence on the level of fuel consumption and CO<sub>2</sub> emissions produced. The CO<sub>2</sub> and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

## Please Note:

Certain models and items of equipment shown in this publication are not available in Ireland. Some illustrations in this brochure do not necessarily reflect Irish specifications. Consequently, controls and some items of equipment are positioned differently for Ireland. The specifications contained in this brochure are for information purposes only as we cannot confirm the exact specifications of the vehicles. If you require any specific feature, you must consult your Volkswagen dealer who is regularly updated with any change in specification. Please check model availability and full specification details with your Volkswagen dealer prior to ordering.
