# The new Jetta

Image shown is for illustration purposes only and may not necessarily reflect Irish alloy wheels specification.

# Made to meet life's challenges.

Sleek and sporty, practical and spacious, the new look Jetta is more stylish, more aerodynamic and more efficient than ever before. Newly designed front and rear styling reinforces its contemporary appeal, while enhanced features and trim levels provide new levels of elegance and luxury. Designed to take the challenges of the road in its stride, the new Jetta combines responsive steering with refined handling to deliver maximum driving enjoyment, ensuring every journey is a relaxing, stress-free experience. Never has driving been so easy or effortless.

Model shown is new Jetta Highline with optional 'Reflex Silver' metallic paint.

# Irresistible from every angle.

**01** The beauty of classic design is its timeless appeal, as exemplified by the new Jetta. Elegant and exciting, the **enhanced front design** features a revised front bumper with three chrome trimmed louvres, contoured headlights with daytime running lights and a re-profiled bumper. On Comfortline models, **integrated fog lights** flow seamlessly into the bumper creating a dynamic presence. Sleeker than ever before, the updated styling delivers a 10% improvement in aerodynamics over the previous model.

**02** As you'd expect, what starts at the front concludes at the rear, with a **redesigned boot lid** featuring an aerodynamically efficient lip extending into the side wings and reshaped bumper. The sleek, sculptured bodylines exude style and charisma, giving the new Jetta its characteristic identity.

# Travel in style. Arrive in good time.

**01** The **RCD 310 radio system/MP3 compatible CD player** provides excellent acoustics via eight speakers with an output of 4 x 20 watts. It also features a Mobile Device Interface AUX-in socket for connection to an external multimedia source, such as an iPod or MP3 player. Standard on all models.

**02** The **RCD 510 touch-screen radio/dash-mounted MP3 compatible six CD changer** features a large 6½ inch colour display with eight speakers, a Mobile Device Interface AUX-in socket and an SD card reader. Optional on Comfortline and Highline models.

**03** The **RNS 315 touch-screen navigation/radio system** features a TFT display with eight speakers, an MP3 compatible CD player, a Mobile Device Interface AUX-in socket and an SD card reader. Optional on Comfortline and Highline models.

**04** The **Mobile Device Interface** with iPod/iPhone cable enables you to connect and charge a compatible device, while track selection is viewed and selected via the vehicle's radio system. Optional on all models.

**05** The **RNS 510 DVD touch-screen radio/navigation system** features a 30 GB hard drive, a DVD drive, a TFT display showing clear navigational directions, an SD card reader and full compatibility with MP3 and WMA files. The Mobile Device Interface AUX-in socket enables you to connect to an external multimedia source, such as an iPod or MP3 player. Optional on Comfortline and Highline models.

# Intelligent systems to help keep you safe.

**06** **Cruise control** can be set at speeds of over 30km/h to maintain a constant speed. Once set to your desired speed, you can focus on the road ahead, creating a more relaxed drive. Standard on Comfortline and Highline models.

**07** The **Park Distance Control (PDC)** comprises of parking sensors, front and rear, and reverse kerb-view adjustment on the passenger's side exterior door mirror with memory function. The parking sensors assist with parking manoeuvres by emitting both audible and visual warnings, alerting the driver to any obstacles in the way: the closer you are to an obstacle the faster the sound frequency. An additional parking display indicates your position on the display of the vehicle's audio system. Standard on Highline models. Optional on Trendline and Comfortline models.

**08** The **Fatigue detection driver alert system** monitors driver behaviour. As soon as it detects unusual driving patterns, such as lane deviation or erratic steering movements, it recommends taking a break via visual and acoustic signals. Standard on Highline models.

**09** The **rear-view camera 'Rear Assist'**\* helps you reverse park by giving you a clear view to the rear of your vehicle via the display of your radio/navigation system, featuring auxiliary lines to help you park and enabling you to recognise even small obstacles such as kerbs. Image shown features optional RNS 315 navigation/radio system. Optional on Comfortline and Highline models.

**10** **Bi-xenon headlights including LED daytime running lights** combine dipped and main beams in one integrated unit that flows seamlessly into the bodywork and radiator grille. They also feature static cornering function and dynamic headlight range adjustment that compensate for any change in the incline of the body, due to loading, braking or accelerating. Furthermore, headlight washers help keep them clean in all conditions to ensure your vehicle is visible in any weather. Optional on Comfortline and Highline models.

\* Please note, must be ordered in conjunction with RCD 510 radio system, RNS 315 navigation/radio system or RNS 510 DVD navigation/radio system.

Interior shown is new Jetta Comfortline with optional 2-Zone climatronic air conditioning, Lights & Vision package and 'Reflex Silver' metallic paint.

## An inner world of peace and order.

No question about it, the world is moving faster, life is more pressured and it's hard to stay in control. Unless you're sitting in the new Jetta. Here, everything is exactly where you would expect it to be, ergonomically arranged and intuitively to hand, providing a stress-free haven of tranquillity and order. The large high definition screen of the multifunction colour display 'Plus' provides important driving information, such as current or average fuel consumption and the status of your connected mobile phone.

# The Jetta Trendline.

6½ x 16" **steel wheels** with 205/55 R16 tyres and full size wheel trims give the Trendline an exclusive look.

The **five and six speed manual gearboxes** available for the Trendline transmit power with short, accurate shifts and very smooth handling, making it easy to drive at the right engine speed.

The new **Jetta Trendline** offers a unique design, impressive quality and superb value for money. The list of standard equipment includes **Climatic manual air conditioning**, an **RCD 310 radio with MP3 player** including CD-player, 8 speakers and mobile device Interface AUX-in, **electric front and rear windows**, **remote unlocking for the luggage compartment and fuel filler flap** and **central locking with 2 remote control folding keys**. Further comfort is assured with electro-mechanical **speed-sensitive power steering**, **three-spoke leather steering wheel**, **height and reach adjustable steering column**, **front seats with height adjustment** and durable **‘Cardeol’ cloth upholstery** complemented by **‘Checker Plate Titanium’ decorative inserts** for dashboard and door trim panel. On the exterior the high specification continues and **halogen clear headlights** with separate **daytime running lights** as standard. There are also **body-coloured bumpers**, **door handles and door mirrors** with integrated indicators which are electrically heated and adjustable. The look is completed with a black radiator grille and **16 inch steel wheels** with contemporary styled wheel covers. Safety in the new Jetta is also paramount and this is highlighted with the inclusion, as standard, of **ESC (Electronic Stability Control)** including ABS with brake assistant, **driver’s and front passenger’s airbags** with front passenger’s airbag deactivation switch, **curtain airbag system** for front and rear passengers including **front side airbags** and safety-optimised, **anti-whiplash front headrests**. All new Jettas are also fitted with an **electronic engine immobiliser**, visual and audible **warning for front seat belts if not fastened**, **brake pad wear indicator** and **hill hold control** function as standard.

The **RCD 310 radio system/MP3 compatible CD player** provides excellent acoustics via eight speakers with an output of 4 x 20 watts. It also features a Mobile Device Interface AUX-in socket for connection to an external multimedia source, such as an iPod or MP3 player.

The **Electronic Stabilisation Programme (ESP)** recognises critical driving situations and reacts in milliseconds by targeting brake and management systems, controlling the speed of individual wheels and helping to bring the vehicle under control. As a result the vehicle achieves maximum directional stability.

The distinctive redesigned boot lid incorporates an aerodynamically efficient lip which sits above the **new rear light clusters** and the revised bumper.

# The Jetta Comfortline.

Interior shown is new Jetta Comfortline with optional 2-Zone climatronic air conditioning, RNS 315 navigation/radio system and ‘Reflex Silver’ metallic paint.

Subtle trim elements in the **Comfortline** provide a touch of elegance and flair with that extra bit of comfort and luxury. With the **leather trimmed three-spoke multifunction steering wheel** with aluminium decorative inserts providing controls for the **RCD 310 radio MP3 player**, **Bluetooth connectivity** for your mobile phone and **multifunction display ‘Plus’** as well as **cruise control**, you can be assured you will arrive at your destination calm and relaxed after every journey. Building over the already well equipped new Trendline, the exterior look of the new Jetta Comfortline is enhanced by the addition of **16 inch ‘Navarra’ alloy wheels** and anti-theft wheel bolts, **front fog lights** with fixed bending light and **black radiator grille with chrome mouldings** on the fins. While inside, front comfort seats with **‘Sienna’ cloth upholstery** including **height and lumbar adjustment**, **‘Zebrano’ decorative inserts** for the dashboard and door trim panel, **front centre armrest with storage compartment with two rear air vents**, together with a rear centre armrest give both the driver and passengers added comfort. However, the long list of standard equipment doesn’t end there. Choose the new Jetta Comfortline and you will also get **load-through provision** and a 60:40 **split folding rear seat backrest**, ideal for transporting long items, **storage compartment in the roof console** and **front seat back storage pockets**.

**Cruise control** can be set at speeds of over 30km/h to maintain a constant speed. Once set to your desired speed, you can focus on the road ahead, creating a more relaxed drive.

**‘Navarra’ 6½ x 16" alloy wheels** with 205/55 R16 tyres and anti-theft wheel bolts help create a stylish look for the Jetta Comfortline.

# The Jetta Highline.

An exceptionally high degree of driving comfort combined with impressive power and agility ensures the new **Jetta Highline** deliver pure driving fun, whichever engine specification you choose. It looks particularly sporty with **17 inch ‘Porto’ alloy wheels** complete with **sports suspension**, decorative **chrome strips on the bottom of the side windows**, **65% light absorbing rear and rear side windows** and **electrically folding door mirrors** with environmental lighting and **kerb-view adjustment**. Inside the new Jetta Highline, the vibrant **‘Gloss’ seat upholstery** and **carpet mats** front and rear provide a touch of luxury. Front **sports comfort seats** with height and lumbar adjustment are fitted as standard and offer the driver and front seat passenger optimum lateral support at all times. The sports look is completed inside with **‘Checker Plate Black’ with chrome decorative inserts in the dash and centre console**. To make every journey just that little bit easier and safer, the **headlight washer system**, **Park Distance Control (PDC)**, **rain sensor** and **auto dimming interior mirror** are all fitted as standard. Finally, **automatic headlight activation** with separate **daytime running lights**, **‘leaving home’** and **manual ‘coming home’** function light your entry and exit from and to your Jetta in diminished light.

**Park Distance Control (PDC)** assist in parking manoeuvres by emitting an audible and visual warning, alerting the driver to any obstacles in the way: the closer you are to an obstacle the faster the sound frequency.

**‘Porto’ 6J x 17" alloy wheels** with 225/45 R17 tyres and anti-theft wheel bolts and **sports suspension** give a look of sporty refinement to the Jetta Highline.

Model shown is new Jetta Highline with optional ‘Reflex Silver’ metallic paint.

'Queensland' 7J x 17" alloy wheels with 225/45 R17 tyres and anti-theft wheel bolts. Optional on Comfortline and Highline models.

Model shown is new Jetta Highline with optional 17" 'Queensland' alloy wheels and 'Reflex Silver' metallic paint.

Add a touch of individuality with a stylish choice of wheels.

6½J x 16" **steel wheels** with 205/55 R16 tyres and full size wheel trims. Standard on Trendline models.

'**Navarra**' 6½J x 16" alloy wheels with 205/55 R16 tyres and anti-theft wheel bolts. Standard on Comfortline models.

'**Porto**' 7J x 17" alloy wheels with 225/45 R17 tyres and anti-theft wheel bolts. Standard on Highline models.

'**Lancaster**' 7J x 17" alloy wheels with 225/45 R17 tyres and anti-theft wheel bolts. Optional on Comfortline and Highline models.

'**Queensland**' 7J x 17" alloy wheels with 225/45 R17 tyres and anti-theft wheel bolts. Optional on Comfortline and Highline models.

'**Salamanca**' 7J x 17" alloy wheels with 225/45 R17 tyres and anti-theft wheel bolts. Optional on Highline models.

# My Jetta. Genuine Accessories.

Make the new Jetta truly yours with our range of Genuine and Approved Accessories – all carefully selected and grouped together logically to make choosing your products as easy as possible.

Most of our range comprises of Genuine Accessories developed in Germany and designed to integrate with your vehicle. Our other products are sourced from market-leading manufacturers specifically to meet your needs and offer you a wider choice.

Why not ask a member of staff today about how to really make your new Jetta your own by using Volkswagen Accessories.

Please note: all part numbers and descriptions are correct at the time of going to press. These part numbers and descriptions may be subject to change without notice.

# Body styling.

Details make all the difference. Add detail that will transform your new Jetta's appearance from sleek to sporty. Your new Jetta already comes with enviable design and solid-build quality. But now you can enhance it further and make a statement with our range of styling accessories.

Image shown is for illustration purposes only. Contact your Volkswagen dealer for the full range of accessories available.

**01 Volkswagen Genuine Boot spoiler**  
A subtle extension which enhances the sleek lines of your vehicle, supplied primed and ready to be painted to match or contrast your vehicle's current paint scheme. The precision of the aerodynamic design reduces tail uplift and improves the vehicle's handling.  
**5C5 071 641 GRU**

Please note: excludes painting and fitting, please consult your Volkswagen dealer for details.

**02 Volkswagen Genuine Door sill trims**  
These stainless steel sill protectors enhance the appearance of your vehicle. They protect the sills against scratches from shoes and heels. With Jetta logo.  
4 pieces per set.  
**5C6 071 303**

**03 Volkswagen Genuine Pedal cap set**  
Add a sporty look and a touch of style to your new Jetta with this high-quality, brushed stainless steel pedal cap set. A rubber coating on the surface ensures more grip.  
**1K2 064 205**

**04 Volkswagen Genuine Tail exhaust trim**  
Enhance the rear profile of your new Jetta with this sporty tail exhaust trim. The inclined design with 76mm diameter in chrome-plated stainless steel transforms your vehicle into a true highlight!  
**5C5 071 911 A**

# Transport equipment.

Make your new Jetta even more practical with our specially designed set of high-quality products to complement your lifestyle. Whatever you're into, whether it's sports, the outdoors or just going on plenty of holidays, there's a large range of accessories available to help you maintain your active lifestyle. From roof boxes and bicycle holders to safety kits and more.

## 01 Volkswagen Genuine Roof bars

Stay equipped when you are on the road with our City Crash-tested roof bars. They will provide the base for items such as a ski and snowboard holder, a bicycle holder, or a useful roof box for all roof transport solutions. T-slot support section.

2 pieces per set.

**5C6 071 126**

## 02 Volkswagen Genuine Roof box

The stylish Volkswagen roof box in matt black is not only superbly functional, it looks good too. Expand the carry capacity of your vehicle when you're off on holiday, or whenever you need extra space. Load capacity: 50kg, 340 litres.

**000 071 200**

## 03 Volkswagen Genuine Towbar

Infinitely practical, this towbar expands the capabilities of your vehicle enabling tow of a trailer, caravan or even a horsebox for example. Also available as a removable version.

**5C7 092 101 (fixed)**

**5C7 092 155 (detachable)**

**5C8 055 204 (13-pin electrics)**

## 04 Volkswagen Genuine Luggage net

The luggage net ensures that everything stays in place and items do not slide around. The tear-proof net, with integrated pocket, is easy-to-fit with hooks attached to the standard lashing rings in the boot area.

**1KM 065 110 A**

05

## 05 Volkswagen Genuine Surfboard/windsurfer holder

The surfboard holder ensures that your surfboard reaches its destination safely. The windsurfer and both masts are held firmly in place by secure fastenings. Transportation is particularly gentle thanks to the rubber board support and special rubber protection for the metal clips on the retaining straps.

**000 071 120 HA**

## 06 Volkswagen Genuine Cool and thermos box

Keep your drinks cool or warm for hours in this dedicated cool/warm box. The box is secured in the car by the standard safety belt. Perfect for summer, or any long journey, whatever time of year.

**000 065 400 D**

## 07 Volkswagen Genuine Bicycle holder

Keep your bike safe and secure using this easy-to-fit bicycle carrier, made from matt chrome-plated steel. It attaches to the existing roof bars and can carry one bicycle safely and securely. The bicycle holder is City Crash-tested and lockable for extra peace of mind and, what's more, you can still access the boot for added convenience.

**6Q0 071 128 A**

07

06

08

## 08 Volkswagen Genuine Safety kit

An important travel companion no matter what country you're in. Consists of easy-to-fold warning triangle, hi-visibility vests and a first-aid bag. Conveniently packed in a washable fabric bag with loops for secure storage.

**000 093 059**

# Care and protection.

If you like the idea of protecting your new Jetta, our range of practical convenience accessories is for you. These products both protect and maintain the value of your new Jetta, but most importantly, they make it a more comfortable drive for you too. From mudflaps to clothes hangers to loadliners, there's something for everyone.

**01 Volkswagen Genuine Textile floor mats**  
Protect your interior with these hard-wearing textile mats which fit perfectly to the floor of your vehicle. Made from tightly woven velour with Jetta branding and a practical non-slip backing, the mats are held firmly in place by making use of the attachment points provided on the floor.  
**5C8 061 270 WGK**

**02 Volkswagen Genuine Door wind deflectors**  
The wind deflectors, for the front and rear side windows, enable optimal ventilation of the interior, thus contributing to your driving comfort. They improve the climate of the interior and reduce interfering wind noise at the same time. Due to their high-quality manufacturing, the door wind deflectors are easy-to-clean and car wash proof. The simple plug assembly enables them to be installed and used quickly.  
**5C6 072 193 AHU 3 (front)**  
**5C6 072 194 AHU 3 (rear)**

**03 Volkswagen Genuine Mudflaps**  
Perfectly shaped to fit your vehicle, these extremely durable mudflaps offer protection against water spray and flying stones. Supplied with fitting kit and instructions. 2 pieces per set.  
**5C6 075 111 (front)**  
**5C6 075 101 (rear)**

**04 Volkswagen Genuine Clothes hanger**  
This stylish clothes hanger is ideal for keeping your shirts and jackets crease-free and is easily attached to the front headrest bars. It is not suitable with sports bucket seats. The clothes hanger must be removed when folding the seat backrest forwards and must be removed in all cases when passengers are sitting behind the front seat.  
**00V 061 127**

**05 Volkswagen Genuine Flexible loadliner**  
This light, flexible and washable custom-made inlay fits perfectly to the vehicle boot contours protecting the boot from moisture and dirt. The moulded inlay prevents movement of goods in the boot. If the boot liner is not required, it can be simply rolled up to save space.  
**5C6 061 160**

**06 Volkswagen Genuine Waste bag**  
A tidy solution for your car, which is mounted via the front headrest bars and provides a bin bag area for waste items for passengers in the rear of the vehicle. Supplied with two rolls of bin bags, each with 50 bags.  
**000 061 107**

**07 Volkswagen Genuine Rubber floor mats**  
These durable and long-lasting black rubber floor mats protect your vehicle's interior from dirt and moisture. They are easy-to-clean and shaped to fit with a non-slip underside. The front mats with Jetta branding, are attached to the vehicle's floor using the integrated fastening system to prevent slipping. 2 pieces per set.  
**5C8 061 501 041 (front)**  
**5C6 061 511 041 (rear)**

**08 Volkswagen Genuine Rear bumper protection film, transparent**  
This transparent loading sill protection film is shaped to fit. It protects the paintwork when loading and unloading without changing the look of the vehicle.  
**5C6 061 197 A**

**Volkswagen Approved**  
LifeShine by Autoglym offers an advanced system of protective treatments from bumper to bumper, interior and exterior, to keep your car in top condition for the lifetime of your ownership.

# Technology and Dimensions

## Technical specification notes

- 01) Figures are calculated in accordance with manufacturer’s criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48.
- 02) With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 03) The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
- 04) Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures, which may differ from those calculated with this standard.
- 05) The weight of a vehicle will influence the level of CO<sub>2</sub> emission it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO<sub>2</sub>.

## Transmission

- Front wheel drive through asbestos-free single-plate dry clutch. Hydraulic clutch-mechanism. Five or six speed manual, six or seven speed automatic DSG gearbox with double joint half axles (wet clutch on six speed DSG models)
- Electronic differential lock, combined with a hydraulically operated single-plate dry clutch with asbestos-free lining via a six speed automatic DSG gearbox
- Five speed manual: 2.0 litre TDI 110 bhp
- Six speed manual: 1.2 litre TSI 105 bhp, 1.4 litre TSI 125 bhp, 2.0 litre TDI 150 bhp
- Six speed auto DSG: 2.0 litre TDI 150 bhp
- Seven speed auto DSG: 1.4 litre TSI 125 bhp, 2.0 litre TDI 110 bhp

## Running gear

- ESC (Electronic Stability Control) including EDL (Electronic Differential Lock), Traction Control (ASR) and Countersteer Support
- Front suspension through coil springs with telescopic shock absorbers, all elements integrated in chassis legs
- Rear suspension with gas pressure shock absorbers and separate springs
- Wheel control: front through chassis legs and (lower) triangular wishbones (directionally stabilising steering roll radius)
- Wheel control: rear through four-link suspension with independent wheel suspension
- Front and rear anti-roll bar

## Steering

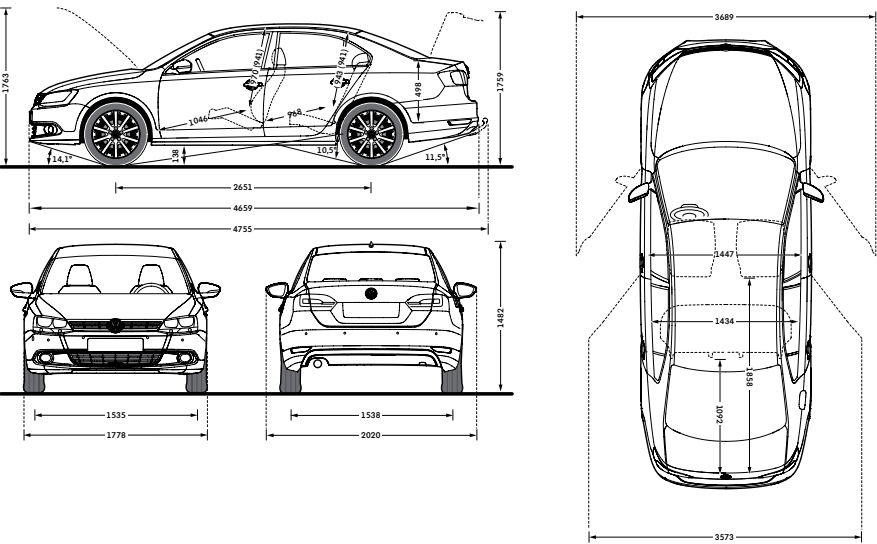

- Electro-mechanical steering rack
- Collapsible, height and lengthways adjustable safety steering column

## Brakes

- Electronically controlled Anti-lock Braking System (ABS) – includes HBA (Hydraulic Brake Assist) and Electronic Brake-pressure Distribution (EBD)
- Diagonal twin-circuit brake system with inner-ventilated front disc brakes and rear disc brakes
- Asbestos-free brake pads
- Brake energy recuperation

## Engines

- Front transverse-installed engine
- 1.2 litre/105 bhp (77 kW) petrol engine: EU6 emissions standard, four cylinder in-line direct injection turbocharged engine, with four valves per cylinder. Fitted with a turbocharger. Available with a six speed manual transmission
- 1.4 litre/125 bhp (92 kW) petrol engine: EU6 emissions standard, four cylinder in-line direct injection turbocharged engine, with four valves per cylinder. Fitted with a turbocharger. Available with a six speed manual or a seven speed automatic DSG transmission
- 2.0 litre/110 bhp (81 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line common rail diesel engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a five speed manual or a seven speed automatic DSG transmission
- 2.0 litre/150 bhp (110 kW) common rail diesel engine: EU6 emissions standard, four cylinder in-line common rail diesel engine, with four valves per cylinder. Fitted with a turbocharger and a DPF (diesel particulate filter). Available with a six speed manual or a six speed automatic DSG transmission

## Exterior dimensions

Length, mm	4659
Width – including door mirrors, mm	2020
Width – opened front/rear doors, mm	3689/3573
Height – mm	1482
Height – opened bonnet/floor, mm	1763
Height – opened tailgate/floor, mm	1759
Wheelbase, mm	2651
Turning circle, mm	11100

## Interior dimensions

Effective headroom – front, mm (with sunroof)	970 (941)
Effective headroom – rear, mm (with sunroof)	943 (941)
Elbow width, front, mm	1447
Elbow width, rear, mm	1434
Legroom front, mm	1046
Legroom rear, mm	968

## Maximum luggage capacity, litres VDA measuring method using

### 200 x 100 x 50mm blocks

With rear seats upright	510
-------------------------	-----

On illustrations, where arrows and figures are shown inside of the vehicle, the measurements are for interior dimensions. Where arrows and figures are shown outside of the vehicle, the measurements are for exterior dimensions.

relax and  
enjoy the drive.  
The new Jetta.**

Interior shown is new Jetta Comfortline with optional 2-Zone climatronic air conditioning, RNS 315 navigation/radio system and 'Reflex Silver' metallic paint.

# Volkswagen service

### Three-year Warranty

All Volkswagen Jetta models come with a three-year/90,000km warranty which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/90,000km (whichever is soonest) warranty\*. Full details of the three-year warranty are available from your authorised Volkswagen dealer.

\* All warranty work must be completed by an authorised Volkswagen dealer or repairer.

### Three-year Paintwork Warranty

The paintwork of the Jetta is covered against manufacturing defects for a period of three years. Naturally, the Jetta must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your Volkswagen dealer for full warranty details.

### 12-year Body Protection Warranty

The internal body sections and panels of the Jetta are covered against rusting through from the inside for 12 years. Naturally, the Jetta must be cared for in compliance with the operating instructions. Please consult your Volkswagen dealer for full warranty details.

### Service Intervals for Engines

Full details of what checks and work are recommended at each service are contained in the Service Book and your dealer will be able to advise you of any particular requirements.

### Approved Accessories

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list.

### Volkswagen Finance

Volkswagen Finance offers a dedicated service to meet the needs of both the business user and the private motorist. We can help you choose the right type of finance and will tailor the package to meet your specific requirements. Please consult your Volkswagen dealer for details.

### Volkswagen Assistance

Every new car is registered for Volkswagen Assistance for three years. This provides vehicle recovery in the unlikely event of a breakdown (subject to conditions).

### Volkswagen Rental

For details, please contact your dealer.

### CO<sub>2</sub> Emission

Increased weight of a vehicle, including higher trim levels and the addition of options will have an affect on the influence on the level of fuel consumption and CO<sub>2</sub> emissions produced. The CO<sub>2</sub> and fuel consumption figures are obtained from tests on a representative vehicle of the type, conducted and approved in accordance with Council Directive 80/1268/EEC as amended by Directive 1999/100/EC (or later) on the approximation of the laws of the member states relating to the carbon dioxide emissions and the fuel consumption of motor vehicles.

### Please Note:

Certain models and items of equipment shown in this publication are not available in Ireland. Some illustrations in this brochure do not necessarily reflect Irish specifications. Consequently, controls and some items of equipment are positioned differently for Ireland. The specifications contained in this brochure are for information purposes only as we cannot confirm the exact specifications of the vehicles. If you require any specific feature, you must consult your Volkswagen dealer who is regularly updated with any change in specification. Please check model availability and full specification details with your Volkswagen dealer prior to ordering.
